Open Discussion:

- Cecelia is concerned that the new track has no fence and track items may be vandalized. A request for a solution has been made, we're at the mercy of the district facilities so we must wait for a response.
- Cecelia also voiced her concern about the track fading due to the sprinklers. The sprinklers have been adjusted to fix this problem, it is believed the white residue currently on the track will wash away
- 4/4/18 Fusion, Vocal Ensemble, and cheer will be performing at the Golden One Center for "Franklin Night"
- Christine Esguerra is concerned that the band doesn't play enough music and requests that band could be incorporated into a senior night with banners made for each member

- Elf Jr.- the show is only an hour and is the theater holiday show. Admission is \$10, and tickets are on sale on the FTC website
- The Tri-Tip dinner fundraiser will be rescheduled for the spring, the date is still to be determined
- We discussed when a facility usage is billed to a club. In general clubs pay for the additional time a custodian needs to be at the facility for their event.
- Discussed the need for club representatives to attend booster meetings, board would like Sandra Aboufares (President) to send out a warning email to all club reps warning them of the consequences of not attending monthly meetings. We would like to see the email going out before our December meeting and then we could start enforcing attendance as early as December. This needs to be discussed with club President Sandra who was not in attendance tonight.
